

THE GAZETTE.

WEDNESDAY, FEBRUARY 16.

Alexander McArthur, who has made a special study of the Arctic region, has left Winnipeg, Manitoba, with a companion and a load of provisions to discover the north pole.

Chicago Journal: When a man is not satisfied with his wages or his employer, the best thing he can do is to go and work for some one else, and not ask a hundred or a thousand other men to quit work on his account.

At the commencement of business hours this week Chicago elevators were stored with 13,479,553 bushels of wheat, 5,440,383 bushels of corn, 1,949,424 bushels of oats, 154,034 bushels of rye, and 244,249 bushels of barley, making a grand total of 20,307,645 bushels, against 20,279,788 bushels a week ago and 17,921,819 bushels at this time last year. In addition to the above vessels in the harbor here contain 221,120 bushels of wheat and 1,904,753 bushels of corn.

Boston Traveler: There is a good reason why railroads, at least for their through express trains, should not be in possession of as perfect passenger lists as are the steamship companies, and the trouble and expense would, after a little time allowed for the development of the system, be slight. Such lists might also, doubtless, be found an excellent detective agency, and furnish marked aid in apprehending fugitives from justice.

Michael Kelly, right fielder of the Chicago baseball club, was released from that organization Monday by the payment by the Boston club of \$10,000. Kelly then signed for the season with the Boston club, who agree to pay him \$2,000 for his services for the coming season, and to give him \$9,000 for his photograph to place in the club album, making his compensation for the season \$9,000. Kelly received \$3,250 from the Chicago club last year. This is undoubtedly the highest price ever paid for a photograph in this country.

A German chemist has invented a new kind of anesthetic bullet, which he urges will, if brought into general use, greatly diminish the horrors of war. The bullet is of a brittle substance, breaking directly when it comes in contact with the object at which it is aimed. It contains a powerful anesthetic, producing instantaneously a complete insensibility, lasting for twelve hours, which, except that the notion of the heart continues, is not to be distinguished from death. While in this condition, the German chemist points out, the bodies may be packed in ambulance wagons and carried off as prisoners.

The Committee of Safety of the Iowa Fine Stock Breeders' Association having requested the governor to enforce a rigid quarantine against all cattle from Illinois, especially from Cook and adjoining counties, raised and kept on premises six months prior to date, and to prohibit the bringing into Iowa of any calves or cattle known as stock cattle from any state east of Illinois, the governor has today issued a proclamation in accordance with the request of the committee, prohibiting absolutely the admission of calves or stock cows or stock calves from states east of Illinois, except under certain restrictions.

The Chinese minister and his suite attended Dr. Newman's church in Washington last Sunday, their appearance causing quite a sensation. They were richly attired in the full dress of their nation, and a huge diamond glittered on the cap worn by the minister. Dr. Newman made special reference in his opening prayer to the emperor of China, whose country has now opened its doors to religious teachers. In beginning his discourse he remarked that "we have with us today His Excellency, the Chinese minister," and proceeded to devote a large share of his sermon to a history of the various attempts to introduce the Christian religion in China. He was listened to attentively by the minister and his party, several of whom understand the language.

The Mark Lane Express, in its weekly review of the British grain trade, says: "Native wheat is in improved condition and slightly firmer; sales of English wheat during the past week, 35,082 quarters at 29 shillings 6 pence for the corresponding week last year. The official returns of the wheat crop of the United Kingdom for 1886 show an estimated yield of 7,918,430 quarters, against 9,954,471 quarters for 1885. About four-sevenths of the crops remains in the hands of growers. Foreign wheat weaker. Flour irregular and tending downward. At to-day's market wheat was slow. South English sold freely at unchanged prices. Foreign a shade lower. American flour irregular and cheaper; corn, 3 pence lower; peas, 6 pence cheaper. Beans and hulled are steady."

Much has been reported of the satisfactory working of woman suffrage in Washington territory, but the Seattle Post declares that these reports are not correct. The system has been in operation for three years, and the Post asserts that "there is a great and growing sentiment among the people of Washington territory against woman suffrage. This sentiment is almost, if not quite as powerful among the women as it is among the men. A half hour's conversation among those who compose any miscellaneous gathering will convince the most skeptical of the truth of the statement." The same paper also says that woman suffrage was rejected without submitting the question to a popular vote, and that it was so submitted to-day a vote of the men and women of the territory would reject it by a great majority.

BULLDOZED BY CORBETT.

THE KANSAS LEGISLATURE TERRORIZED BY ONE MAN.

Boston Corbett, the slayer of Booth, takes charge of the Capitol with the assistance of two revolutionaries—Other Legislative Matters—The Jersey Brawl—A Telephonic Crawfish.

TORONTO, Kan. Feb. 16.—Boston Corbett, the man who gained a reputation as the slayer of Wilkes Booth, added somewhat to his notoriety Tuesday by terrorizing and capturing for a time the Kansas house of representatives. Corbett is a confirmed crumb, and has made himself somewhat notorious in various ways. He was, at the commencement of the legislature, appointed assistant doorkeeper. There were few signs of insanity until Tuesday. Tuesday morning he slipped on two revolutions and a box of cartridges, and with a drawn weapon drove a negro attendant from the representative hall. Sergeant-at-Arms Norton attempted to expel him, when Corbett cocked his revolver, and pointing it direct at the officer, told him to travel. He went.

THE JERSEY POLITICAL SQUABBLE.

No Senator Elected Yet—Return of the Uncertain Kinney.

TRENTON, N. J., Feb. 16.—One vote was taken in the senate Tuesday for United States senator. Gen. Sewell received the full strength of his party, 12 votes. Of the nine Democratic votes Abbott received 6. Ex-Governor George C. Ludlow received the vote of Senator Chase, while ex-Governor John D. Baker was the alternate, but he is an Abbott man.

The absence of Kinney made the Democrats wary, and they refused to attend to the matter. The house adjourned, and no quorum being present, adjourned after signing a protest against the non-attendance of the Democrats. Kinney got back in the afternoon, and said he went to Philadelphia on business, and expressed surprise at the commotion his absence had created.

Just after the speaker's gavel fell in the house announcing the adjournment the Democrats rushed into the chamber and asked the chair to record them as being present. The Republicans protested, claiming that the house was adjourned. Mr. Hulsebert claimed that the minority could not adjourn the house. The adjournment was declared, however, and the members dispersed.

LEGISLATION IN ILLINOIS.

SPRINGFIELD, Ill., Feb. 16.—The assembly Tuesday passed the bill appropriating for the ordinary expenses of the Quincy Soldiers' home, also the bill turning over \$50,000 received from damaged place-pneumonia cattle at Chicago, to the live stock commission. O'Connor introduced a bill to appoint a commission to have a statue of Gen. Shields made and placed in the capitol at Washington City, appropriating \$5,000. Several bills were introduced for railway taxation and regulation, and a bill to prevent gambling in stocks, etc. The senate passed a bill exempting homesteads from forced sale, a bill was introduced to establish banks of deposit without power to issue money.

A Penitentiary in Bad Shape.

INDIANAPOLIS, Ind., Feb. 16.—The senate prison committee, which has just returned from a visit to the Southern prison at Jeffersonville, made a unanimous report Tuesday morning, which came in the nature of a surprise. The committee find that the wards, cells and bedding are filthy, and many of the prisoners ill; that the prisoners are not instructed in reading and writing, and that no account is kept of the receipts or distribution of supplies. The prison is now in debt \$17,000 and the money has not been paid since last October last. An entire change in the management is recommended.

Felt Sore Over Their Defeat.

LANSING, Mich., Feb. 16.—The house Tuesday, after a long and arduous debate, declined to pass a bill to repeal the Baker conspiracy law, a measure designed to prevent strikes, and obnoxious to the workmen. They felt sore over their defeat. Both houses passed a resolution to submit an amendment to the constitution at the spring election to increase the salaries of state officers. The amendment fixes the governor's salary at \$2,000, and those of other officers at \$2,000, \$2,500, and \$3,000.

Did the Crawfish Act.

INDIANAPOLIS, Ind., Feb. 16.—The house of representatives Tuesday passed the bill repealing the telephone law fixing the monthly rental at \$5 per instrument, and the temperance law fixing the license tax at \$200 and providing for an election on the question of local option upon the petition of one-tenth of the voters of the township or county, according as its provisions are desired.

Abolished the Poll-Tax.

BOSTON, Feb. 16.—The senate has adopted by a vote of 22 to 6, a resolution abolishing the poll-tax as a prerequisite for voting.

Accident on a Toboggan Chute.

HAYESVILLE, Mass., Feb. 15.—Three gentlemen and four ladies were overtaken on the toboggan chute at Dustin Square Monday night. The gentlemen escaped harm. Miss Alice Hall was severely cut in the face and forehead. Miss Edith Tuttle, of Lynn, had her ankle sprained and a blood vessel ruptured. Miss Nellie Webster was badly bruised on her body, and Mrs. Edith Whitcomb was bruised on the head. No bones were broken.

Chinese Invade Burma.

LONDON, Feb. 16.—The news that Chinese troops had invaded Burma was conveyed in a letter to Sir King Theobald from Simla, who is visiting Mandalay. The Gazette and The Pioneer, both published in Bombay, also confirm the report.

Rather Rough on Leibniz.

BERLIN, Feb. 16.—Herr Leibniz, socialist deputy in the last reichstag, has been expelled from Offenbach, which town has been declared in a state of siege.

Don't Tangle with any Throat or Cough or Cold.

Don't tangle with any Throat or Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Ayer's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50c. Prentiss & Evenson, Druggists O P.

Advice to Mothers.

Mrs. Wrentham's Sore Throat should not be left for children to find. It soothes the inflamed throat, kills all germs, cures the cough, and the children are cured. Price 25c a bottle. 10177. BEEF BARKING POWDER CO., CHICAGO, ILL.

WISCONSIN LEGISLATURE.

Consideration of Some Important General Bills.

The Labor Question Before the Legislature.

Other Matters Considered.

Special to the Gazette.

MADISON, Wis., Feb. 16.—In the senate this morning bills were passed making the president of the state university and the state superintendent members of the board of regents and of the executive committee of the university.

Authorizing the construction of a dam on the Wisconsin river near Centralia by the Centralia pulp and water power company, and a memorial to congress for the protection of cattle against pleuro-pneumonia was passed.

A resolution making the state board, to be composed of one democrat, one republican and one labor man; the local boards to have five members each, two chosen by employers, two by employees and these four to choose the fifth, a state board to act on appeals.

Also, one authorizing the secretary of state to investigate all iron mining companies which file articles of association. To appoint Frank A. Flower delegate to the National conference for the discussion of contract labor.

An invitation was received from the governor of Ohio asking Wisconsin to participate in the celebration of Northwest territory in 1888.

Also one from the National board of trade asking Wisconsin to take part in the 400th anniversary of Columbus' discovery of America.

In the assembly bills were introduced for the appointment of one state and several local boards of arbitration. Corporations if deemed advisable, and charging each company two hundred dollars for each article filed, the money to be used in investigation.

OPPOSED TO FREE SOUP.

Mayor Hewitt Vetoes an Ordinance for Cheap Meals for the Poor.

NEW YORK, Feb. 16.—The first official act of Mayor Hewitt to attract general attention is his veto of an ordinance permitting Mrs. Clementine LaMadrid to erect booths at certain street corners, from which to supply the poor with food at a cost of 1 cent per article. Mr. Hewitt declares that in his opinion the tendency of the proposed plan for furnishing cheap meals would be to demoralize the poor. Though he is informed that there are about 35,000 persons in the city who have no regular homes and who depend upon charity for their daily bread, public policy requires that the number of such persons should, if possible, be diminished and not increased. Such agencies as free soup kitchens and cheap food societies, in his opinion, increase idleness and poverty. He is also informed that the charitable organizations of this city are sufficient to cope with the existing distress.

Railway Taxes at Cincinnati.

CINCINNATI, Feb. 16.—County Auditor Raine, in consultation with State Attorney Kohler and State Auditor Kiser, Tuesday, regarding the tax valuation to be placed on "Big Four" and Port Wayne railroad stocks, both subject to back taxes since 1881, held that the tax rate should be on "Big Four" about 10 and on Port Wayne 100, which would be 20 per cent. below market quotations. Penalties will be knocked off. On this basis the Reuben Springer estate must pay fully \$120,000 on 4,000 shares of Big Four, and 7,000 shares of Port Wayne, and since 1881 untaxed. Other large holders will contribute their thousands to swell the aggregate. Tax collector Morgenthau gets 25 per cent. for collecting back taxes.

The Everlasting Shoe Strike.

LYNN, Mass., Feb. 16.—Monday Charles W. Varney & Co. informed all their operatives affected by the state board's decision in the Breed case, that on and after Tuesday they must work under the regulation announced by the state board. The operatives objected and left the factory to the number of fifty or seventy-five. The Knights of Labor believe Varney & Co. make a higher grade of shoes than Mr. Breed, and therefore should pay more wages. They are willing to leave it to the state board, and the board is said to be itself divided on the question.

One of Tweed's Friends Dead.

NEW YORK, Feb. 16.—Foster Dawsey died in this city Tuesday morning. He was about 50 years old, and although of late years he has attracted little attention, he was once one of the best known of New York men about town. He was a fast friend of William M. Tweed. In fact he was said to be more intimate with the head of the Tammany ring than any other man. Mr. Dawsey had no official position and engaged in no business, although it is said that he was admitted to the bar. He had private means, however, and was not obliged to practice his profession.

Mr. Hillen's Valentine.

NEW YORK, Feb. 15.—The mutilated body of an infant, wrapped in brown paper, was delivered Tuesday morning to the bartender of Hillen's liquor saloon on Park Row. The package was addressed as follows: "Mr. Hillen, your valentine." The body was that of a pretty female child, about 3 weeks old. The breast and the stomach were cut wide open. The package was turned over to the coroner and the police notified.

Forty Boarders Made It.

HOLYoke, Mass., Feb. 16.—Forty boarders at Mrs. Child's boarding house were made quite ill Monday by something which they ate. It is supposed that some meal used in making brown bread, was sour. The matter, which causes much talk, is being investigated.
